Employee Data & Payroll

Employee Database Management

This module provides a central repository for all employee records. Access is controlled by roles and departments. Employees can update their personal and professional information.

Automated Payroll & Tax Compliance

Our system ensures error-free salary computation. It considers attendance, deductions, and benefits. It automates PF, ESI, and other statutory obligations. Direct bank integration allows one-click salary disbursement.

Time and Performance

Leave & Attendance Tracking

Our system tracks leaves with customizable policies. It supports biometric, RFID, and GPS-based attendance systems. HR and managers receive real-time attendance dashboards.

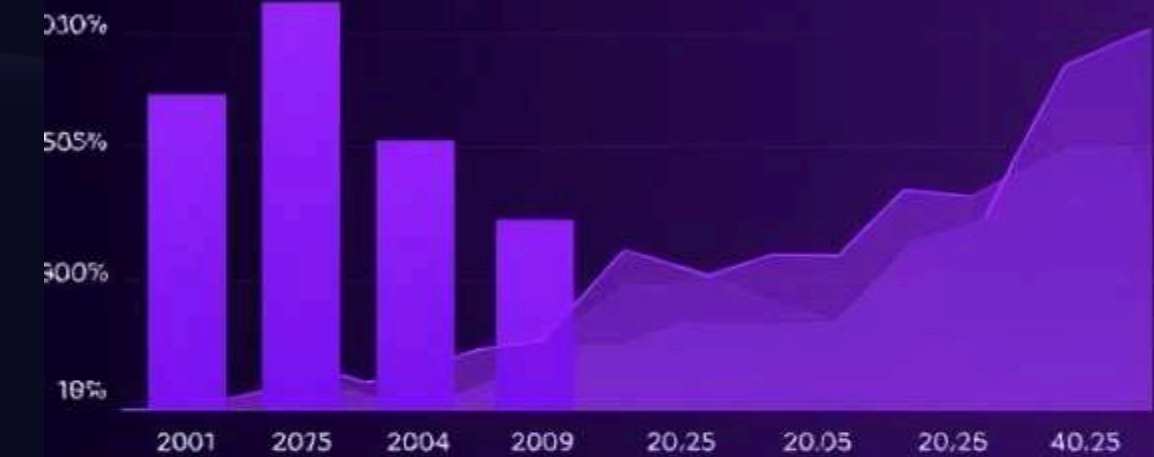

Performance Appraisal & Feedback System

It uses KPI-based evaluation frameworks. Automated review cycles ensure timely feedback. It gathers 360-degree feedback from peers, managers, and self-assessments. Performance trends and reports support informed decision-making.
